### Woman Cured Through the Secrets of Meta-Cosmic Projection

Emily V. had suffered from asthma for fifteen years. Her physician had prescribed various medications in an attempt to control the terrible attacks that robbed her of breath. In spite of these medicines, Emily V. suffered numerous asthmatic attacks that racked her body and disorganized her daily life.

As the mother of two young children, Emily found her illness a hinderance to happy family life.

"I can't begin to count the number of times family plans had to be changed due to one of my asthma attacks," Emily said. Her voice was sad and heavy as she spoke of cancelled outings, cancelled parties and cancelled trips, each denied her family and herself because of a sudden asthmatic seizure.

"I'm just plain tired of this thing," she said. "I want to live a normal life and I don't want my family to suffer because of me. Not that they've ever complained — they haven't — but I want them to be able to enjoy family togetherness without worrying about a sudden cancellation due to my asthma attacks.

"Two of my girlfriends have told me about meta-cosmic projection and suggested that I talk to you. To be quite honest, I'm not sure it will help — nothing else has — but I'd like you to teach me meta-cosmic projection to heal my asthma attacks."

We talked for an hour or so, and Emily left determined to use meta-cosmic projection to rid herself of the attacks that had disorganized her personal and family life.

It was seven weeks before I heard from Emily again. She and her family had taken a three-week vacation and enjoyed every minute of it.

"This was the first vacation I can remember where my asthma attacks didn't interfere," said Emily. "I haven't had an attack in five weeks. My doctor is real happy for me. He's cut my medication in half and says that if I continue to be free of

attacks, he'll cut it further. He'll be surprised when he finds he can stop it altogether. That will be a red-letter day in my life, and I know it isn't far off. Meta-cosmic projection is the most wonderful force to come into my life yet!"

Emily V. had learned what countless others had learned before her, that meta-cosmic projection can heal the body and restore health where it seems hopelessly lost.

### **Your Psychic Binoculars Can Allow You to Bring Health to Others**

The secrets of meta-cosmic projection hold a force that is not bound to personal use. You can use the miraculous power of meta-cosmic projection to restore health to your loved ones and friends. No longer need you wish that you had the power to ease the suffering of a loved one and restore that individual to health. That power is yours today! The miraculous secrets of meta-cosmic projection put this unlimited power at your command this very moment.

### **Man Uses Psychic Binoculars and Meta-Cosmic Projection to Cure His Wife of Ulcers**

When John B. first visited me he was a frustrated, angry man. His wife, Helen, had suffered from stomach ulcers for three years. She had been hospitalized twice for ulcers before they moved to Georgia, and her life was greatly restricted due to her condition. As is true of so many illnesses, Helen found that ulcers led to other complications in her life. It had been necessary to restrict her diet drastically and this restriction had affected John also.

"I just don't feel right eating things at home that I know Helen can't eat," John said. "In my business we have to attend quite a few dinners and Helen is sometimes embarrassed by

having to pass on particular foods that just aren't good for her ulcers."

John hesitated a moment and I could feel the frustration he was experiencing at wanting to help his wife and yet not knowing how to go about it.

"She won't ask you for help herself," he said. "She is awfully shy and pretty depressed at not finding the help she needs before now. She asked me to find out about meta-cosmic projection for her. One of her friends told her a little about the technique, but at the time, Helen wasn't ready to listen. I'm not sure she's ready now, but I figured if meta-cosmic projection is as strong as it will have to be to get rid of Helen's ulcers, then I can use it for her. It is that strong, isn't it?"

I assured John that meta-cosmic projection knew no limits on its power and that he could very well use it in his wife's behalf. We talked about psychic binoculars, and I taught John to use his own psychic binoculars to see what he and his wife really wanted changed in their life. Once he had viewed their situation through his psychic binoculars, he made a quick phone call to his wife to tell her what he saw as things to be healed in their lives. Helen agreed after expressing amazement that he had put her feelings so well into words.

"Those psychic binoculars are fantastic," said John. "I was never so sure before about the changes my wife and I both want in our lives."

We went on to discuss the secrets of meta-cosmic projection and John left vowing to use the technique three times a day to bring healing to his wife's ulcers.

One month later I received a call from Helen B. Even as she introduced herself the excitement in her voice was evident.

"I got the word from my doctor yesterday," Helen said. "My ulcers are completely healed. My doctor is dumbfounded, but very happy for me. He's taken me off my special diet and

ulcer medicine. For the first time in three years, I can eat what I want and not worry about an ulcer attack.

"John is standing right here with me, but I wanted to thank you myself for teaching him to use meta-cosmic projection. Not only have my ulcers been healed, but our whole life has become happier."

Perhaps the healing of ulcers through meta-cosmic projection illustrates, as well as or better than any other cure, the awesome power that is man's to cure illnesses which seem incapable of being healed or are strongly resistant to a cure. This wonderful power is at your fingertips through the secrets of meta-cosmic projection.

### **Man Cured of Paralysis Through Meta-Cosmic Projection**

Jim S. had suffered a stroke that left the left side of his body almost completely paralyzed. He was able to drag his left foot with great effort and his left arm and hand were practically useless.

Jim was in a wheelchair when he visited me, and he made it very clear that he wanted to be free of that chair for good.

"The way I see it," Jim said, "life is too precious to be stuck in a wheelchair. I may be 68 years old, but my mind is as sharp as a tack. I still have a lot of living to do and I don't want to be held back by paralysis. Teach me how to use meta-cosmic projection so I can get out of this chair for good and get back to the pleasure of living every day fully."

I couldn't help being moved by Jim's attitude toward life. At 68 he was younger and more alive than many people I had met who were chronologically only in their 20's or 30's. Jim S. appreciated life, and so had always found it an exciting adventure.

He listened with eager ears and mind as I explained the use of meta-cosmic projection to him. There wasn't a doubt in Jim's mind that meta-cosmic projection would heal his paralysis and give him the full use of his limbs once again. He left promising me the first dance once he was out of his wheelchair for good.

Three weeks later, Jim visited me again, this time without the wheelchair and completely under his own power. He was carrying a portable radio, and I should have guessed immediately what it was for. After we talked for a half hour or so about his healing, Jim smiled and switched on an FM station. His smile spread as he bowed slightly and spoke in a serious but happy voice.

"I believe this waltz is mine," he said. Without my speaking a word, we waltzed around the front of the classroom where we had been talking. A few students hurrying to classes heard the music as they passed the open door. They stopped for a moment to watch a handsome gentleman of 68 guide his somewhat less adept partner with a grace that seemed to flow from him as easily as the notes of the Strauss waltz.

### **Man Uses Meta-Cosmic Projection to Regain the Use of His Right Arm**

"My right arm is practically useless," said Victor M. during his first visit with me. "The doctors say I have a damaged nerve, and that stops my muscles from working as they should." He went on to explain that he had been suffering from this condition for almost two years.

"I'm tired of the darn thing," he said emphatically. "Physical therapy helped a little but not nearly enough. I want the full use of my arm again. How about teaching me that healing technique I've heard about. Meta something or other..."

"Meta-cosmic projection," I said.

"Yeah, that's it. I've heard about it from some friends and

I want you to teach me to use it. How about it, will you help me to help myself?"

I agreed and we talked about meta-cosmic projection for some time.

Six weeks later Victor phoned me. "I don't think you'll be surprised to hear that my arm is just fine. That meta-cosmic projection is powerful stuff."

I might not have chosen those exact words, but I surely couldn't argue with Victor. Meta-cosmic projection is a miraculously powerful force.

### **Arthritis Is No Match for the Secrets of Meta-Cosmic Projection**

Phyllis H. wanted to learn meta-cosmic projection to cure her arthritic pain. She told me that she had suffered from moderate to severe arthritic pain in her knees and hands for eight years.

"If there's any medicine for arthritis that I haven't tried, it must have been put on the market within the last ten minutes," Phyllis said. "I'm just so tired of the pain and the limits it puts on my activities that I could scream. I love to knit and at times my arthritis pain is so bad that I can't even handle the knitting needles."

After my talking about the secrets of meta-cosmic projection, Phyllis was anxious to put them to work in her life.

A month passed before I heard from Phyllis again. Her voice was exuberant.

"I have just finished knitting an afghan that I have been trying to finish for more than a year," Phyllis said. "My arthritis hasn't bothered me in three weeks. In fact, all the swelling is gone. It's just wonderful to be free to do what I want again after eight years of almost constant pain. I just wish I had known about meta-cosmic projection years ago."

Phyllis had discovered what so many others have also dis-

covered, that arthritis is no match for meta-cosmic projection. You can use the same meta-cosmic projection technique to free yourself, a friend, or a loved one from arthritic pain this very day.

### The Miraculous Meta-Cosmic Projection Technique That Allows You to Claim Your Perfect Health

This miraculous technique of meta-cosmic projection should be used three times a day. The amount of time you spend practicing the technique is not as important as the quality of time you spend. If your mind begins to wander during any of the steps, discontinue the exercise and carry it out at another time. It is very important that your full awareness be placed on the technique while you carry it out.

1. *Select a place where you are not likely to be disturbed. If possible, take the receiver of the telephone off its cradle while you are performing the exercise. This will rule out unexpected interruptions through phone calls.*

2. *Lie down or sit in a chair with a back high enough to support your head.*

3. *For approximately thirty seconds, put all your awareness on your own breathing. Close your eyes and mentally watch the intake and outflow of your own breathing.*

4. *Take a deep breath, and as you exhale, relax your stomach muscles completely. Repeat this step three times. Each time you inhale, imagine that you see the oxygen you have breathed in traveling to all the cells in your body.*

5. *In your mind's eye, see or imagine your physical illness. For example, if your illness is stomach ulcers, see or imagine your own stomach with the ulcers present. (You might consult a home medical book if you do not know what a stomach or a stomach ulcer looks like. You might also ask your medical doctor to describe your condition for you in order that you may see the condition clearly in your mind.)*

6. With the mental picture of your illness held in your mind's eye, see or imagine a very bright white light flooding the afflicted area. Now see the disease disappearing and the organs and cells returning to a healthy condition. (You may also wish to consult a home medical book or your physician in order to get a clear picture for yourself of what your body cells and organs should look like when they are healthy.) For example, if you have formed the picture of one ulcerated place in your stomach, begin to see the ulcer shrink in size until it disappears completely and only healthy tissue remains.

7. For approximately thirty seconds, hold this image of perfect health in your consciousness. See yourself, or imagine yourself, completely free of illness. See healthy cells and organs in your body.

8. Mentally say the following words: "I accept my own perfect health. I command my body to destroy all diseased or injured cells within me and to replace them immediately with healthy cells free of all disease or injury." (Your own words may be substituted, but the meaning must remain the same.)

9. See or imagine yourself talking with your physician. See and hear your doctor saying the following words: "Your illness is completely cured. You are now in perfect health." (Again, you may substitute your own words, but be sure to maintain the same meaning.)

10. See or imagine yourself answering your doctor with the following words: "Thank you, doctor. I am very happy to be free of illness and in perfect health." (If you substitute your own words, be sure to keep the same meaning.)

11. Again place all your awareness on your own breathing for approximately thirty seconds.

12. Open your eyes and go about your daily life.

It is most important that you check with your physician according to the directions your doctor gives you. When your healing takes place, visit your physician in order that your healing may be verified and documented.

The secrets of meta-cosmic projection for healing the body are now your very own. You need only follow the simple steps in the miraculous technique given in this chapter in order to be able to claim your perfect health. Don't waste another day in needless pain. Begin now to use the secrets of meta-cosmic projection in order that you too may claim the blessing of perfect health.

**THE  
POWER  
OF  
META-COSMIC  
PROJECTION:**

**Tyrants and enemies cannot  
harm you or your loved ones.**

Perhaps an ideal situation will exist one day when no one has enemies. In the world in which you and I live today, however, it is safe to bet that few people, if any, have no enemies. When an individual holds strong convictions, and is willing to stand by those convictions, it is unlikely that everyone will respond favorably to him or her. It is necessary, therefore, to protect yourself from enemies, and the secrets of meta-cosmic projection can give you power over your enemies.

The secrets of meta-cosmic projection can make you stronger than any foe. Even if your enemies are unknown to you, the power of your psychic binoculars and the secrets of

meta-cosmic projection can protect you from their negative thoughts and actions.

### Man Uses His Psychic Binoculars to Overcome His Secret Enemies

Joseph W. was in perfect physical health, but greatly confused when he visited me for the first time. Unexpected events had been plaguing his life for three months.

"I just don't understand it," said Joseph. "For the past three months, deals that I thought were sure things have fallen through at the last minute. At first I thought I was slipping, and I probably would have stayed with that thought if just one or two deals had fallen through. I can't buy that idea any longer. Too many deals have gone sour."

Joseph's frustration and confusion were very apparent.

"I've been the top salesman of my company for two years," Joseph said. "In fact, just four months ago, I was told that I'm being considered for a promotion to an area sales manager's job that will be open in three more months. The way things have been going, I'll be lucky to keep my present job."

Joseph hesitated as if he didn't really want to speak his next thought.

"I really hate to say this," he said, "but a buddy of mine had told me that someone in the company is trying to make me look bad. My buddy doesn't know who it is, but he has it on good authority that someone has deliberately been lousing up my deals. I just can't imagine who would do that to me. No one else is up for the area manager's job, so it can't be anyone trying to get the job away from me. I just can't imagine who my enemy is."

We talked for an hour or so about the power of psychic binoculars and the secrets of meta-cosmic projection. Joseph

agreed to use his psychic binoculars to determine exactly how he wanted the situation resolved. Once Joseph had decided on the resolution he wanted, he was to use the secrets of meta-cosmic projection to protect himself from his enemies.

Two weeks later I received a phone call from Joseph.

"I'm afraid you're not going to believe this," Joseph said. "It sounds crazy, but the two guys who were trying to do me in changed their minds. They both came to me the day before yesterday and, sort of, apologized for messing up my deals. They didn't come right out and admit what they had been doing, but it was clear what they were talking about. Both of them said they heard I'd been having some bad luck with my sales deals and would do whatever they could to help me."

"It didn't take them very long. Yesterday I had three deals, that had been cancelled, reinstated. This morning I had two companies call to place orders they had cancelled two weeks ago."

Joseph went on to explain that the two men who had offered their help were both area managers who weren't too sure they wanted Joseph for a colleague. They had formed a dislike for him based on their misunderstanding of his sales methods and goals. They both deliberately sabotaged Joseph's sales deals and planned to sabotage his chances for promotion. Then suddenly their attitude changed, and not only did they stop sabotaging him, but were determined to be of help.

"My enemies were no match for meta-cosmic projection," said Joseph. "Not only are they no longer out to hurt me, but thanks to meta-cosmic projection, they actually want to help me."

Several months later, I received another call from Joseph. He had been promoted to area manager and wanted me to know that he was using meta-cosmic projection regularly and his life was going great.

The very same secrets of meta-cosmic projection that protected Joseph W. from his enemies are available to you this very moment. The invincible power that will protect you from your enemies is now at your fingertips and awaits you in this very chapter.

### **Meta-Cosmic Projection Can Protect Your Entire Family**

The invincible power of meta-cosmic projection can protect not only you, but can be used by you to protect your entire family and all your loved ones.

If you have ever worried about the safety of your family and loved ones in your absence, you need never be bothered by such worries again. The secrets of meta-cosmic projection contain the power that allows you to protect your family and loved ones even in your absence.

### **Man Uses Meta-Cosmic Projection to Protect His Family From Enemies**

When I first heard Ronald D.'s story it sounded like a script for a horror movie. For two months Donald's entire family had been harrassed by their neighbors. Trash cans had been turned over on their front lawn, complaints had been phoned into the police departments concerning noisy parties that never took place, and two of their front windows had been broken three times. Ronald could give no reason for his neighbors' actions.

"I can't think of any reason for them to dislike us," he said. "None of it makes any sense. I don't even know for sure which neighbors are pulling the stunts. Can meta-cosmic projection protect us from enemies when we don't even know their names?"

I assured Ronald that the protection of meta-cosmic pro-

jection worked just as well for secret enemies as it did for known enemies. I also talked with him about psychic binoculars. He left determined to use his psychic binoculars, to discover why his neighbors acted as they did, and to use meta-cosmic projection to protect his family from those hostile acts.

Three weeks passed before I heard from Ronald again. He sounded like a new person.

"Everything has been going great," Ronald said. "With the help of psychic binoculars I discovered why our neighbors were out to get us. It was a misunderstanding about a rezoning petition for the neighborhood. Anyway, I used meta-cosmic projection to protect my home and family and no incidents have happened since I started using it."

I said I was glad to hear that things were so much better for Ronald and his family.

"Better is the understatement of the year," Ronald said. "Two of my neighbors, two men who are sort of leaders in the neighborhood, paid me a visit last night. They told me that some incorrect information had been circulated around the neighborhood and they had just found out it wasn't true. They also said they heard we had had some rotten luck with vandalism lately, but were sure we'd have no more such incidents. I'm sure we won't."

I congratulated Ronald on the successful resolution of his problem.

"Congratulations yourself," he said. "That meta-cosmic projection is the most powerful thing I've ever run across. You can bet my family will have the protection of meta-cosmic projection from here on out."

### **Meta-Cosmic Projection Saves a Man's Son**

When Cecil G. asked to see me, he said it was a matter of life and death. He arrived in a state of anxiety and quickly told me his story.

"If you can't help me, I'm afraid my son Bobby is done for," Cecil said. "He informed on two dope pushers at his school and now a gang is trying to kill him. They beat him up pretty badly once. If a police car hadn't happened by, they might have killed him then. If he can't get some kind of really special protection, I'm afraid I'll lose him. If I only knew who the gang members are, the police could pick them up." He paused, then asked, "Can you help me to help my son?"

Before Cecil G. left, he had a thorough understanding of psychic binoculars and the secrets of meta-cosmic projection. In just six days he phoned.

"The police got the guys who were after my son," Cecil said. "I protected Bobby with meta-cosmic projection and used my psychic binoculars to find out who the men were who were after him. I told the police I had a possible lead without telling them how I got it. The police kept an eye on the men and when they tried to jump Bobby again they arrested them on the spot. It all happened two days ago, and I just got word from the police that with Bobby's testimony and their criminal records, those men won't be on the streets again for quite a long time."

We talked for a few minutes, and before we said good-bye Cecil returned to the subject of meta-cosmic projection.

"I plan to use meta-cosmic projection regularly," said Cecil. "Those secrets are much too powerful to be used only on special occasions or for emergencies."

Cecil G. was right. The secrets of meta-cosmic projection belong in everyday life. They belong in your daily life and you can put them there today.

### Meta-Cosmic Projection Can Make You a Tower of Strength

necessary to see it through successfully. You and your loved ones need never be unprotected again. Everything you need to know about the protection of meta-cosmic projection is waiting for you in this chapter.

### Woman Protects Her Family With Meta-Cosmic Projection

Sharon A. had been aware of meta-cosmic projection for about five months. She and a friend had taken one of my classes, and Sharon had been quite impressed with meta-cosmic projection.

It had been months since I had heard from Sharon and when I received a phone call from her I was pleasantly surprised.

"I just thought you might like to hear what happened last night," Sharon said. "My husband had to be out of town on business and I was really jumpy being alone with the kids. There have been two robberies in the neighborhood in the last three months.

"If it hadn't been for meta-cosmic projection, I would have been scared to stay in the house without my husband. Anyway, I protected our home and family with meta-cosmic projection and settled in for the night. About two in the morning my doorbell rang. It was the police. They showed me their ID's through the peephole in the front door. It turned out that they had caught a man trying to break into my house through a side window. They weren't even supposed to be near my house at that time, but there they were to arrest the would-be housebreaker."

I told Sharon how happy I was that she and her family had not been hurt.

"I know that doesn't surprise you," said Sharon. "You've known about meta-cosmic projection for years. I've always known it works, but after last night I *really* know it works. The

secrets of meta-cosmic projection sure do work great for protection."

The same secrets of meta-cosmic projection that worked for Sharon A. can work just as well for you. You and your loved ones deserve the invincible protection of meta-cosmic projection, and you can provide that protection today.

**WORK  
WONDERS  
IN

However, the so-called "small" annoyances of daily living can also affect one's life in a powerful way. Which of us can honestly say we have never had "one of those days" when everything seemed to go wrong? Thanks to the secrets of meta-cosmic projection you can now say goodbye to "those days" forever. ### Your Psychic Binoculars Can Find a Needle in a Haystack

If you have never spent a half hour or longer looking for lost or misplaced keys, eyeglasses, pocketbooks, briefcases, screwdrivers, books, receipts, or the shoes you took off last night, you are indeed an unusual person. Most of us have at one time or another wasted minutes and even hours growing more and more annoyed as we searched for a lost or misplaced article we have put away for safe keeping.

Your psychic binoculars can help you find those lost or misplaced items as easily as one, two, three.

### Using Her Psychic Binoculars, Woman Never Loses Anything

When I first met Ginny N. she was extremely annoyed with herself.

"Can you believe this?" asked Ginny. "I came to ask you what I can do about always losing things, and somewhere between my car and this office I've lost my car keys. I really need a method to help me stop losing or misplacing things. Do you have one you can teach me?"

What an opening for the response — "Do I have a technique for you!" Instead of making that response, however, I smiled and suggested that I demonstrate my method to her by finding her lost keys.

With the help of my psychic binoculars, I located Ginny's car keys near a wafer fountain in the hall. The entire process took less than five minutes.

"Wow!" said Ginny. "That's a technique I really need. Teach me to use my psychic binoculars."

We talked for about an hour and when Ginny left, she felt confident that she could use her psychic binoculars to find any item she might lose or misplace.

Two weeks passed before Ginny N. paid her second visit.

"You are looking at the new Sherlock Holmes in the field of lost articles!" Ginny said with a smile. "During these last two weeks, I've found things I had forgotten I lost. Psychic binoculars are terrific! My neighbors can't believe the way I've been finding things lost or misplaced. In fact, many of them have asked me to find articles they have lost."

Ginny grinned and her eyes reflected the pride evident in her voice. "I'm not ready to go into the lost and found business for my neighbors, but I did tell them about psychic binoculars. Every one of them wants to learn to use their psychic binoculars as soon as possible."

Ginny and I talked for a half hour. She left determined to teach her friends what she had learned about psychic binoculars.

"Thanks to my psychic binoculars, I'll never have to worry about losing anything. With my psychic binoculars, lost articles are so easy to find it's not even fair to say they were ever really lost. In fact, I don't ever expect to lose anything again."

### Your Psychic Binocular Technique for Finding Lost Articles

This ultimately powerful technique should be used for one article at a time. Sets of things such as car keys, credit cards, and shoes are considered as single articles for the purpose of this technique.

1. *Sit in a relaxed position. If your situation does not allow you to be seated, stand and relax as much as possible. Close your eyes.*

2. *For approximately thirty seconds, focus all your attention on your breathing. Make no attempt to control your breathing, simply give your attention to the intake and outflow of your breath.*

3. *In your mind's eye see or imagine the article you want to locate.*

4. Now let your mind's eye "step back" and see or imagine the article you want to locate in its present surroundings. Make a mental note of these surroundings and the article's position in relationship to those surroundings.

5. For approximately thirty seconds, again give your attention to your breath without any attempt to control your breathing.

6. Open your eyes and reclaim the lost article using the picture of it and its surroundings presented to you by your psychic binoculars in step number four.

7. Open your eyes, and using the picture of the article and its surroundings presented to you by your psychic binoculars in step number four, proceed to the location you have seen and reclaim your article.

### Woman Uses Her Psychic Binoculars to Breeze Through the Heaviest Traffic

It took a summer day with temperatures in the nineties, an hour and a half spent inching along a packed expressway, and an over-heated radiator to move Vivian R. to seek information about her psychic binoculars.

"I don't ever want to spend another ten minutes, let alone an hour and a half, tied up in traffic," said Vivian. "A couple of my friends have mentioned to me a method you taught them that keeps them out of traffic jams. I want to learn that technique."

Vivian and I talked for an hour or so and she left confident that she could use her psychic binoculars to keep her out of traffic tie-ups.

An entire month passed before I heard from Vivian again.

"I waited to call you until I could be sure the results I've gotten through my psychic binoculars are not just coincidence," Vivian said. "I started using the technique the same day I learned it. It's fantastic! I haven't been in one traffic tie-up since I started using my psychic binoculars to avoid traffic jams. The technique works like magic. I'm only sorry I didn't

learn it sooner. No more traffic problems for me now that I know how to use my psychic binoculars."

What Vivian R. discovered is waiting for you in this chapter. The secret psychic binocular technique that allows you to breeze through the heaviest traffic is yours today. Begin now to put it to work in your life.

### **Psychic Shield Protects Man From Six-Car Pile-Up**

Donald W. learned to use his psychic shield three months before he realized its power fully. Three months after Donald started to use his psychic shield on a daily basis, he witnessed and miraculously escaped involvement in, a mangled six-car pile-up. The excitement was evident in Donald's voice when he called to tell me about the incident.

"Even though I know how powerful the psychic shield is, seeing it in action is a real eye-opener," Donald said with conviction. "Logically my car and family should have been demolished. We were right in the middle of the thing when it started. By all rights we should have been the squashed middle car in the pile-up. Instead, a space opened up to my right and without remembering getting over to it, suddenly my car was in the other lane untouched, and the car that had been behind me plowed into the two cars in front. Then three more cars rammed the rear of his car."

Donald paused a few seconds to catch his breath.

"It was really a mess. Seven people were hurt, and all of the six cars were totally wrecked. I'm sure it was through the force of my psychic shield that we missed that accident. Believe me, there is no other way we could have escaped that pile-up. I don't intend to ever let my family be without the protection of a psychic shield again."

You and your family can have the protection of a psychic

shield today. The identical technique used by Donald W. is waiting for you in this chapter. Begin now to surround yourself and your loved ones with the invincible protection of your psychic shield.

### Your Miraculous Psychic Binocular Technique for Dissolving All Traffic Problems

This powerful technique should be used before you start for your destination. (If your immediate destination has not been decided, use your return home as your designated destination.)

1. *Sit in a relaxed position. Close your eyes.*
2. *For approximately thirty seconds, focus all your attention on your breathing without any attempt to control it.*
3. *In your mind's eye see or imagine yourself beginning your trip to your destination. See or imagine the roads as if you were looking through the windshield of the car. See or imagine light and freely moving traffic in front of you. See or imagine your car moving freely without any delays. If the route you will travel has traffic lights on it, see or imagine each of these lights as green.*
4. *In your mind's eye see or imagine yourself arriving at your destination with time to spare.*
5. *For approximately thirty seconds, again focus all your attention on your breathing without attempting to control it.*
6. *Open your eyes and go about your daily life.*

If your trip involves several destinations, one following the other as in a shopping trip, you may include each destination in step three as if making one trip with several stops. You may also include your arrival at each destination in step four.

Any number of intervening destinations may be included in one performance of this powerful psychic binocular technique, as long as those intervening destinations are included in

one day's travel. Each day's travel must be dealt with in order to obtain maximum effectiveness.

3. *In your mind's eye see or imagine yourself and your car surrounded and enclosed by a bubble of white light.*
4. *In your mind's eye see or imagine your loved ones and their cars surrounded and enclosed in a bubble of white light.*
5. *Extend this impenetrable protection of your psychic shield to yourself and your loved ones in any car or motor vehicle in which any of you might ride, by seeing or imagining in your mind's eye a bubble of white light surrounding and enclosing you as a group. Now in your mind's eye see or imagine a bubble of dark blue light enclosing you, your loved ones, and the white bubble of light which surrounds you as a group.*

**COMMUNICATE  
WITH  
OTHERS:**

**Through the inspiration of Meta-Cosmic Projection.**

You and I most likely agree wholeheartedly that communication is of extreme importance to all mankind. Few people, if any, would choose to be cut off from meaningful contact with their friends and loved ones. Unfortunately, there are times in everyone's life when the communication one longs for seems unattainable. When hundreds, or even thousands of miles separate friend from friend and loved one from loved one, a telephone call or a letter can be a welcomed experience.

If you have ever sat and waited for a phone call or a letter you hoped would come, you most likely know what it is to feel helpless. By using the secrets of meta-cosmic projection presented to you in this chapter, you need never feel or be help-

less in such a situation again. The miraculous force of meta-cosmic projection can put you in contact with a friend or loved one when you want that contact to take place. You need never waste another minute hoping a friend will call or visit. You need never spend another minute wondering why a loved one has not contacted you. The secrets of meta-cosmic projection are available to you right now, and allow you this very day to reach the people you seek to contact.

### Woman Reestablishes Old Ties Through the Secrets of Meta-Cosmic Projection

The story Lilly D. told me was not a happy one. For all its unpleasanliness, however, it was a story I had heard many times. The people change, but the circumstances in the stories are all too similar.

"I haven't heard from my sister in years," Lilly told me. "We quarrelled over some stupid thing I can't even remember now. Gail, that's my sister, was supposed to move out of state two days after the day of our argument."

Lilly paused and took a deep breath.

"Well, she moved all right. She never sent me her address, or her phone number. She refused to accept my calls at her job and the letters I sent to her at work were returned unopened.

"This has been going on for over two years. I know it must sound stupid to you, but it's deadly serious to me. Neither of us has another living relative and being cut off from Gail like this over some stupid argument is just killing me. I thought about just showing up at her company, but I don't want to cause her any trouble at work. If I knew how she'd react, it would be different, but for all I know, she could refuse even to recognize me.

"Can any of the techniques you teach people, help me get back in touch with my sister? I'm willing to try just about anything," Lilly said with resignation.

I assured Lilly that the secrets of meta-cosmic projection could very promptly put her back in touch with her sister. Lilly listened attentively as I explained the use of the meta-cosmic microphone to her.

"She's refused to hear anything else," said Lilly D. "I'm willing to try anything, including a meta-cosmic microphone."

Two weeks later, Lilly D. and a tall blonde woman walked into my office. "I'd like to introduce my sister, Gail D.," Lilly said.

I can't say I was surprised. I've seen the meta-cosmic microphone work too often and too well to be surprised by its repeated success.

As Lilly's story unfolded, I learned that Gail had telephoned three days after Lilly started using her meta-cosmic microphone. After a half hour of excited conversation, complete with tears and apologies on both sides, it was decided that Gail would pay Lilly a visit. When I met Gail, she and Lilly had been enjoying each other's company for five days.

"It's really great being back together again," said Lilly. "We both want to thank you for the secrets of meta-cosmic projection. That meta-cosmic microphone is absolutely terrific."

Six months ago Lilly D. called to say she was going to spend her vacation in St. Louis visiting her sister. They write regularly and talk to each other on the phone at least once every two weeks. Lilly's voice was excited as she spoke.

"Thanks to the secrets of meta-cosmic projection, I have a family again."

### **The Secrets of Meta-Cosmic Projection Can Bring You That Important Phone Call**

Most people in our society consider the telephone a necessity rather than a luxury. In addition to casual conversations, many business deals are worked out and closed using the tele-

phone as the instrument of communication. If you're like most people, you know what it is to wait for "that important phone call." Watched telephones in such situations are very similar to watched pots, they neither boil nor ring.

Thanks to the secrets of meta-cosmic projection, you never need to wait for an important phone call again. Using the miraculous force of meta-cosmic projection, you control your business dealings completely. If a phone call is what you need to close your deal, that phone call is yours, when you want it, and from the person you want to place the call. The secrets of meta-cosmic projection leave nothing to chance. Armed with these awesome secrets, presented to you in this chapter, you have the world at your beck and call. You need only decide what phone calls you want and from whom, and the secrets of meta-cosmic projection can do the rest.

### **The Secrets of Meta-Cosmic Projection Make it Possible for a Sales Manager to Contact His Salesmen**

When Brian N. first visited me, he was a man beset by what he considered unsurmountable problems. Brian had been a sales manager for more than seven years. During that time he had tried many different methods to get his salesmen to phone in at regular intervals. The methods had ranged from incentives to threats. Despite all Brian's efforts, salesmen did not call in regularly and because of this his company missed many sales it might otherwise have consummated.

"I don't know what to do about it," Brian said. "It seems like I've tried everything. If you have a way to get those guys to call in regularly, I'd sure like to learn it."

I explained the meta-cosmic projection technique that I knew would work for Brian. He left with a firm resolve to give it a try.

Three weeks later Brian paid another visit. His face wore the expression of an adult who had just found out that Santa Claus really does exist.

"That meta-cosmic projection technique is absolutely fantastic," Brian said. "It's done what I couldn't do with incentives or threats. More than that, it did it in a week, when I'd tried everything I could think of for years and failed. Every one of my sales people now calls in regularly. I plan to use meta-cosmic projection a lot in my life. I just wish I had known about it sooner."

The secrets of meta-cosmic projection are yours now. The miraculous meta-cosmic projection techniques outlined for you in this chapter can completely solve your communication problems.

### **Woman Uses Meta-Cosmic Microphone to Reach Her Family by Telephone**

Mary J.'s husband and children shared a common interest. Bob J. and the two sons, Jim and Roy, have been avid cave explorers since the boys were six and seven years old. As teenagers, the young men and their father spent, on an average, two weekends a month exploring near and distant caves.

"I'm used to their hobby," said Mary. "The thing that gets me is that it's just impossible to contact them when they're in the field. Maybe I won't ever need to reach them in an emergency, but what if I do? They camp by the caves they explore and they may or may not call me while they're out of town. Usually the only possible way I have to reach them is through some small general store, where they may or may not stop for supplies or a cold drink. I tried reaching them that way once before about three years ago. Bob's mother was in the hospital and on the critical list."

Mary paused briefly before she continued. "It didn't work

though. They had already stopped at the store and no one knew where they were camped. When they got home, Bob's mother was dead. It was really terrible."

"Anyway, what I need is a way to get in touch with them in an emergency. Naturally I hope that emergencies never arise, but I'd like to be ready if one does come up."

We talked for forty minutes or so and I taught Mary J. how to use her meta-cosmic microphone.

"If this meta-cosmic microphone works the way you say it will, it has to be fantastic," said Mary. "In a way I hope I never have to find out, but it will be great to have the technique if it's needed."

Five months later Mary telephoned me.

"I just wanted to thank you for teaching me how to use my meta-cosmic microphone. It worked when I really needed it," Mary said. "Two weeks ago I needed to contact Bob. I called the general store in the area where he and the boys were camping. The owner of the store recognized Bob and the boys from my description, but said they had been in earlier that day and he didn't really expect them back. He had no idea of where they had camped.

"I decided to use the meta-cosmic microphone technique you taught me. After going through the exercise, I waited for about an hour and called the general store again. While I was on the phone with the owner, Bob and the boys walked into the store. Even though I believed meta-cosmic projection would work, I was really amazed. The owner got so excited he almost hung up on me."

Mary went on to explain that she was able to get an important message to Bob that resulted in the close of a profitable business deal for him.

"It's the biggest commission he ever made," Mary said. "Thank goodness for the meta-cosmic microphone. Without it

Bob would have missed the deal completely. He is now a staunch advocate of meta-cosmic projection."

Naturally I was happy for Mary and her husband's success, however, the story was not new to me. The meta-cosmic microphone has worked for countless thousands of people. It can also work just as well for you. Learn the secrets of meta-cosmic projection now so that the meta-cosmic microphone can work for you if and when you need it.

### **Your Meta-Cosmic Projection Telephone Technique**

Perform this meta-cosmic projection technique no more than four times a day.

1. *Sit in a relaxed position. Close your eyes.*
2. *For approximately thirty seconds, focus all your attention on the intake and outflow of your breath without making an attempt to control your breathing.*
3. *In your mind's eye see or imagine the person from whom you want to receive a phone call. See or imagine this individual using a telephone and dialing your phone number.*
4. *See or imagine yourself by your telephone. Hear or imagine your telephone ringing. See or imagine yourself picking up the receiver of your phone and hear or imagine yourself saying, "Hello."*
5. *Now hear or imagine the voice of the person from whom you want a phone call saying the following or similar words, "Hello. I just had to call you. How are things going?"*
6. *Hear or imagine your response to the person's voice by repeating the following or similar words in your own mind. "I'm really glad you called. I really wanted to talk with you." (The remainder of the conversation will just follow naturally. There is no need for you to go through any except this introduction conversation in order for the phone call to take place.)*

7. For approximately thirty seconds, again focus all your attention on your breathing without making any attempt to control your breath.

8. Open your eyes and go about your daily life.

### Meta-Cosmic Projection Can Bring Old Friends Back Into Your Life

Telephone communication is great, but face to face communication has it beaten by a mile. It's only natural that you and I would, in most cases, prefer to actually be in the company of our friends and loved ones rather than speak with them by telephone. Through the secrets of meta-cosmic projection you can renew old friendships in person. Even if your old friends have moved to another state, the secrets of meta-cosmic projection can bring those friends back into your life now.

### Woman Uses Her Meta-Cosmic Microphone to Hold Her Own Class Reunion

Rose A. had left many old friends behind when she moved from the West Coast. Most of the friends Rose missed had grown up with her and they had shared many happy times together.

"I sure would like to see them again," said Rose. "It's been about three years since any of us got together. The trouble is we're all scattered to different states now. Can meta-cosmic projection bring any of them into my life again?"

During the hour we talked, I explained the secrets of the meta-cosmic microphone to Rose.

"It sounds great. If it works I'll probably wear it out," Rose said.

Three weeks later Rose was back in my office.

"I've met five old friends right here in town since I started

using my meta-cosmic microphone," she said with a smile. "I went to high school with all of them and now we all live in different states.

"It's just fantastic the way they turned up here and we bumped into each other. It's as if I've been holding my own private class reunion. Believe me, I loved every minute of it. Meta-cosmic projection has my vote all the way."

Rose telephoned a week later to say she had "bumped into three more old classmates."

"I'm absolutely certain now that I can bring any friend back into my life with the secrets of meta-cosmic projection. This technique is positively terrific!"

The same fantastic meta-cosmic microphone technique used by Rose is available to you at this very moment. Don't spend another day just wanting to meet old friends again. Begin now to use the secrets of meta-cosmic projection and bring those friends back into your life now.

**META-COSMIC  
PROTECTION  
FOR YOU  
AND  
YOUR LOVED ONES:**

**At home, work and play.**

In the society in which we live, we hear a lot of talk about protection and insurance. The secrets of meta-cosmic projection can protect you with an impenetrable meta-psychic shield. There is no force on earth that can equal the miraculous force of your meta-psychic shield or the protection it gives you.

### **The Secrets of Meta-Cosmic Projection Can Protect Your Home from Burglary and Fire**

Despite the rising crime rate in our country and the dangers lawbreakers place around us, the ultimate power of meta-cosmic projection can surround you with a protection no force can penetrate. The miraculous power of meta-cosmic

projection is far stronger than any burglars, and can also protect your home from the dangers of fire. The secrets of meta-cosmic projection given to you in this chapter allow you to protect your home and loved ones from this moment on, from burglars and fire. Give your home and family the protection of your meta-psychic shield today.

### **Man Protects His Home from Burglars Through the Secrets of Meta-Cosmic Projection**

A series of burglaries that concentrated on single family homes and apartment complexes led Robert L. to seek my help.

"I have plenty of home insurance," said Robert. "I'd rather not have a need to turn in a claim if it can be prevented. I'm a firm believer in prevention, and from what I've heard about meta-cosmic projection, it's very big in that area."

Robert went on to explain that he wanted to learn how to surround his home and family with the protection of meta-cosmic projection.

We talked for quite a while and Robert left with a firm resolve to make his home safe from burglary by using the secrets of meta-cosmic projection.

Three months went by before I heard from him again. "That meta-cosmic projection really works," said Robert. "In fact it works so well I was beginning to feel kind of strange. Burglars have hit the houses on both sides of us. They also broke into four homes across the street. Neighbors were beginning to look at us out of the corners of their eyes.

"I honestly felt better when two detectives doing part of the police investigation discovered that burglars had actually tried to break into my home through a side window." Robert paused very briefly. "The bar they used to try to open the

window snapped. The burglars just left it in the ground and decided to go elsewhere.

"I sure am glad that I learned to use meta-cosmic projection. It's better than any protection technique I've ever heard anyone talk about. In fact, I can't imagine anything that could possibly top it."

### **Man Uses Meta-Cosmic Projection to Protect His Home from Fire**

When Dan S. asked to learn the secrets of meta-cosmic projection, he couldn't think of anything in particular he wanted to use them for, but had many plans for them in general. "I'm not really afraid of burglars," Dan said. "The apartments I live in have a very good security system. The only thing that's given the apartment complex any trouble has been two fires. Both of them did quite a bit of damage. No one was seriously injured, but the apartments where the fires started were completely gutted. In addition, the apartments on either side of those apartments were also gutted. Maybe I'd be wise to use meta-cosmic projection against fires."

I respected Dan's wishes and concentrated on teaching him a meta-cosmic projection technique to protect his home against fires. A full six months passed before I heard from Dan again. His voice sounded excited as it came from the telephone receiver.

"Did you see the news last night?" said Dan. Before I could say "no" he continued. "There was a fire at my apartment complex late yesterday afternoon. Five apartments were gutted. Somehow the sprinkler systems didn't work in any of them."

"Also," Dan placed more emphasis in his words, "my apartment was right in the middle of the group that was wiped out. The fire skipped right over it. I didn't even get any smoke

damage. The firemen said it was just a freak happening, but I know better than that. The protection of meta-cosmic projection is what saved my apartment from that fire. I sure am glad I learned how to use it. Meta-cosmic projection is the best thing I've discovered. It's just terrific."

The same meta-cosmic projection techniques that protected Robert L.'s home from burglars and Dan S.'s home from fire are yours to use today. The same impenetrable force that protected the homes of these men, and countless others, is available to you right now. The secrets of meta-cosmic projection presented to you in this chapter can provide you with a protection stronger than any force the world can mount against you.

2. *For approximately thirty seconds, focus all your attention on the intake and outflow of your breath. Make no attempt to control your breathing.*
3. *In your mind's eye see or imagine your home as it looks from the outside. See or imagine a bubble of pure white light completely surrounding your home and enclosing it within a circle of light.*

### **The Secrets of Meta-Cosmic Projection Can Protect You in Hazardous Working Conditions**

Chances are that one or more of your loved ones works in hazardous conditions regularly or intermittently. Perhaps you yourself find it necessary to work in hazardous conditions. Even if you or your loved ones work in hazardous conditions only once or twice a year, you need protection. The secrets of meta-cosmic projection can keep you completely safe even in the most hazardous working conditions. Don't deny yourself or your loved ones this miraculous protection one more day. Start now to put the secrets of meta-cosmic projection to work in your life.

### **Man Uses His Meta-Psychic Shield to Remain Accident-Free at Work**

Tim R. visited me with one thing in mind. He wanted to learn a technique that would keep him accident-free in his hazardous job. For six years Tim had worked on a production line in a major factory. The company experienced a number of accidents each month due to the hazardous nature of the work. Tim had been involved in one accident in which his left hand

was badly cut and required fourteen stitches to close the laceration. He was determined not to experience a repetition of that accident.

"I need any protection I can get," Tim said. "My job is really dangerous, and if you have a special technique that could protect me from accidents, I sure would like to learn it."

Tim listened attentively while I explained the use of the meta-psychic shield to protect him from accidents at work. Before he left he said he planned to use the meta-psychic shield technique every day.

Eight months later I received a phone call from Tim.

"Just thought you might like to know that the meta-psychic shield has saved my neck twice in the last eight months. Twice I should have been badly hurt and got away without a scratch. The guys at work have tagged me with the name Lucky. I told them that luck doesn't have a thing to do with it. I also told a couple of them, the ones I know real well, about the meta-psychic shield. I even taught them how to use it."

"Thanks a lot for letting me in on that thing. That meta-psychic shield is something else. It's absolutely fantastic!"

### **Your Meta-Psychic Shield Technique to Protect You and Your Loved Ones in Hazardous Working Conditions**

Use this meta-psychic shield technique at least once every working day, and no more than twice on any working day.

1. *Sit in a relaxed position. Close your eyes.*
2. *For approximately thirty seconds, focus all your attention on your breathing. Make no attempt to control your breath.*
3. *In your mind's eye see or imagine yourself (and/or your loved ones) at work. See or imagine a bubble of pure white light surrounding you (and/or your loved ones) and encircling you completely.*
4. *For approximately thirty seconds, again focus all your*

*attention on your breathing. Make no attempt to control your breath.*

5. *Open your eyes and go about your daily life.*

### **Your Meta-Psychic Shield Can Also Surround Your Vacation Activities**

Vacations need the protection of your meta-psychic shield too. Frequently people take more chances on vacation than they do in their everyday life. Those extra chances can range from extra time on the roads or in the skies traveling, to hours spent swimming, or hours spent zooming down snow-covered slopes. All the activities that mark the average vacation tend to be more risky than the activities of everyday life.

### **Woman Uses the Meta-Psychic Shield to Protect Her Family on a Skiing Trip**

Skiing trips were not new to Dottie F. and her family. The entire family had taken a skiing vacation together twice a year for three years. Unfortunately, those vacations had been marked by a series of skiing accidents resulting in fractures and concussions.

"I'd like this year to be different," Dottie said at our first meeting. "It seems like my sons and husband take turns getting hurt each year. I've heard of that meta-psychic shield you teach people to use, and I'd like you to teach me to use it for myself and my family."

After forty minutes, Dottie felt confident that she could protect herself and her family during their vacations. She left with a smile and the words, "No more fractures. How wonderful that will be! A skiing trip without broken bones."

One month later I received Dottie's report. "It was one great vacation," Dottie said. "Not one broken bone, not one

dislocated knee cap, not even a serious bruise. It was just wonderful."

Dottie went on raving about her vacation for a full twenty minutes before she mentioned hanging up.

"I'd better let you go," she said. "I want you to know, though, that the meta-psychic shield is the greatest thing to come down the slopes. I'm absolutely sold on it."

I can't blame Dottie for being excited about how well the meta-psychic shield works. It is fantastic. You need only use the secrets of meta-cosmic projection presented to you in this chapter in order to discover why Dottie, I, and countless others are sold on the meta-psychic shield and meta-cosmic projection in general.

### **Your Meta-Psychic Shield Technique to Protect You and Your Family in All Vacation Activities**

Use this meta-psychic shield technique the day before you start your vacation. It is not necessary to use the techniques daily during your vacation.

1. *Sit in a relaxed position. Close your eyes.*
2. *For approximately thirty seconds, focus all your attention on your breathing. Make no attempt to control your breath.*
3. *In your mind's eye see or imagine yourself and your family. Now see or imagine yourself and your family surrounded by a bubble of pure white light which encircles you totally.*
4. *See or imagine a calendar and focus your attention on the dates of your family vacation. Now see or imagine those dates completely surrounded by a bubble of pure white light.*
5. *Once again see or imagine yourself and your family surrounded by a bubble of pure white light.*
6. *For approximately thirty seconds, again focus all your attention on your breathing. Make no attempt to control your breath.*
7. *Open your eyes and go about your daily life.*

The wonderful and miraculous secrets of meta-cosmic projection given to you in this chapter can protect you, your friends, and your loved ones, at home, at work, and at play. The protection provided by the secrets of meta-cosmic projection cannot be equaled. Don't allow yourself or those you love to go without this ultimate protection another day. Begin now to put the secrets of meta-cosmic projection to work in your life.

**THE  
META-COSMIC  
DIVINING  
ROD:**

**The power that points to the  
answers in your life.**

It's only natural that when you feel a need for guidance you want it *now* — not next week. If you have ever tried to get an appointment with a psychologist or psychotherapist in a hurry, you most likely found that the next available appointment open was anywhere from two weeks to four weeks away. That two to four-week wait can be a most uncomfortable period for anyone experiencing the pain of anxiety and stress. Thanks to the secrets of meta-cosmic projection presented to you in this chapter, you can be your own best counselor. The secrets of meta-cosmic projection are on call 24 hours a day, and you need never wait for two weeks or even two hours to gain the inner guidance you seek.

It is an unfortunate fact that in this country many people

visit psychotherapists regularly for a period of many years. The time and monetary costs for these visits can be phenomenal. The emotional costs can be even more severe if the individual client or patient is not progressing toward a position where he or she can depend on his or her own inner guidance. You receive no favor from anyone who teaches you to depend, not on yourself, but on another person. One of the greatest gifts one can give to another is to teach that person to stand on his or her own two feet, and recognize the sound of his or her own inner guidance. The secrets of meta-cosmic projection that are in this chapter can enable you to reach and recognize the sound of your own inner voice.

Strange as it may seem to you, the majority of people have never learned to search for their own inner voice, let alone listen to it. The secrets of meta-cosmic projection can give you the power to recognize, hear, and follow your own inner guidance. You need only follow the limitless meta-cosmic projection technique.

### **Man Uses Meta-Cosmic Projection and Stops a Six-Year Psychotherapy Habit**

Robert M. paid me a visit the day after his weekly therapy session.

"I've been in therapy for six years and I still can't see the day when my therapist will say I don't need it any longer," Robert said. "I'm really tired of therapy. I've had four different therapists in six years and with each new therapist it seems like I went all the way back to the beginning."

Robert talked for a half hour discussing his feelings about his dependence on others for guidance.

"I'm just plain tired of always waiting to find out what someone else thinks I should do in a situation. It's about time I started listening to myself. Six years of therapy haven't taught me how to do that. Can you teach me to hear myself

through meta-cosmic projection? I'm willing to do all it will take in order to be my own counselor."

After assuring Robert that the secrets of meta-cosmic projection could indeed teach him to hear his own inner guidance, I presented him with the secret technique that could make him his own best counselor.

"It sounds good," said Robert. "I'll start using it today. If it can help me break a six-year psychotherapy habit, it can do anything."

Three weeks later Robert M. returned for another visit.

"I've finally kicked the habit," he said. "I went to my last psychotherapy session two weeks ago." The warm smile on Robert's face reflected the pride he felt in himself.

"Before I learned that meta-cosmic projection technique, I would have been in a panic if I missed even one session. Now I've announced my resignation from therapy and I never felt better," Robert said. "That technique is absolutely fantastic."

That same fantastic meta-cosmic projection technique is waiting for you in the following pages. It's time that you too become your own best counselor.

### **Young Couple Uses Meta-Cosmic Projection to Put Them in Touch With Their Own Inner Guidance**

Ted and Sandra T. had been married for four years when they visited me. During that time Sandra had worked and contributed her income to enable Ted to return to college for a master's degree in business. Shortly after Ted graduated, trouble broke out in the young couple's home.

"Ever since he received his master's degree, he acts like he's too good for our way of life and our old friends," Sandra said. "I just don't understand how one person can change so much and in such a short period of time. He's not the same person I married."

"That's ridiculous!" Ted responded. "I've explained a

hundred times to you that I have more responsibilities at work now. I just don't have the same amount of time to socialize. Besides, I've met a lot of new people and I'd like to fit them into our social life too. If you'd give yourself half a chance you'd like these people. I have to work with them and I'd like to get to know them better."

"*You* get to know them better," said Sandra. "Maybe Ken and Judy are right. Maybe we should get a divorce."

I interrupted the ongoing battle long enough to ask why they had come to see me.

"We thought you might be able to advise us," Sandra said. "Do you think we should just go our separate ways?"

In no less than two minutes I made it very clear to both Sandra and Ted that I didn't tell people what they should do. I offered to teach them a secret meta-cosmic projection technique that would allow them to get in touch with their own true feelings.

"That sounds good to me," said Ted. "How do we start?"

Sandra agreed that the technique sounded pretty good if it would really work. For forty minutes we discussed the meta-cosmic projection technique that would allow Ted and Sandra to hear their own inner voice. The young couple left vowing to use the technique daily.

One month later Ted and Sandra paid me a second visit.

"That technique really works," said Ted. "It allowed us to see that we were both wrong in some ways and both right in other ways. It really helped us get our heads together. I know I speak for Sandra too when I say we're happier than we've ever been since we learned about meta-cosmic projection."

"Ted is right," said Sandra. "That technique is terrific. Our whole life has just fallen into place. Once we could hear ourselves, we could hear each other." She smiled at her husband

and said, "We really are happy again. Thanks for the meta-cosmic projection."

### **Meta-Cosmic Projection Can Help You Choose the Best of Two Great Opportunities**

You and I know that it's often difficult for people to make a choice when two or more great opportunities are offered to them. In fact, one very successful game show on TV operates on this principle. Contestants are often asked to choose between a possible trip to Europe and a possible new car. Once they make a decision the host often presents them with another great opportunity so they are right back to choosing again. The tension and suspense created by this situation has kept this show on TV for four nights a week in many cities, and has placed the show at the top of listings in its category.

The tension and stress that makes this game show a terrific success can bring many uncomfortable moments to ordinary life. The secrets of meta-cosmic projection can do away with that anxiety and all the uncomfortable feelings that accompany it. With the meta-cosmic projection technique given in this chapter you can easily choose between or among great opportunities presented to you and consistently choose the best one.

### **Man Uses Meta-Cosmic Projection to Choose the Right Job Opportunity**

Some people would consider the situation that faced Sid W. a blessing rather than a problem. The anxiety experienced by Sid, however, made the choice a very real problem for him.

Sid was faced with two excellent job offers. The favorable

aspects surrounding each job opportunity far outweighed any negative aspects seen by Sid,

"Both offers promise a great future," said Sid. "The money and benefits involved in each are just about equal. I honestly don't know which job to accept."

The intensity and emphasis in Sid's voice underlined the reality of the problem he faced.

"I've gotten unsolicited advice from two close friends. Neither of the people who offered opinions agreed with each other. I could ask your advice, but I already know that you don't make people's decisions for them." Sid raised one eyebrow. "I'd like you to teach me one of those meta-cosmic projection techniques so I can make the best decision myself. How about it? Will you teach me?"

Five months passed before I heard from Sid again. "I waited to contact you so I could see if my decision was the best one," Sid said. "I guess I really didn't have to wait as long as I did to consider my decision a good one, but, in a way, I'm glad I did.

"I've already received a promotion, an unbelievable happenstance for an employee of less than six months, and the future looks even brighter. The job I could have chosen, but didn't, was phased out two months afterward. If it hadn't been for that meta-cosmic projection technique you taught me, that would have been me being phased out. I was leaning toward that job before I learned how to listen to my own inner guidance. I want you to know that I'm sold 100 percent on meta-cosmic projection."

### **Meta-Cosmic Projection Lets You Know When You're Right**

Not everyone has to wait for months to know that the decision they made through meta-cosmic projection was cor-

rect. Some people have discovered in less than an hour that the secrets of meta-cosmic projection have put them in touch with their own inner guidance, and that that guidance is true.

### **Woman Follows the Inner Guidance of Meta-Cosmic Projection and Saves Her Daughter's Life**

Edna D. had used the secrets of meta-cosmic projection for almost a year before she faced one of the most crucial decisions of her life. Three weeks after the incident I learned of the event.

"I had just hung up the phone after talking with my daughter. It hit me that something was wrong with her. I couldn't put my finger on it so I called her back." Edna paused briefly. "Gail, my daughter, insisted that everything was fine. When I hung the phone up again I still couldn't shake the feeling that something about her voice was wrong.

"I decided to use my own inner guidance and went through the meta-cosmic projection technique you taught me a long time ago. My inner guidance told me to get right over to my daughter's apartment. When I arrived, she didn't answer the door. I rang the bell for five minutes before I got the apartment manager to let me in. We found Gail unconscious in her bedroom. She'd taken an overdose of sleeping pills. I called an emergency squad and they got her to a hospital in time to save her life.

"When she could talk, she told me her boyfriend had found someone new and she decided she didn't want to live without him." Edna paused again and took a deep breath.

"She feels differently now. Now she's glad she wasn't successful. If it hadn't been for meta-cosmic projection, and following my inner guidance, Gail would most likely be dead. Boy, am I glad I learned that meta-cosmic projection technique. I owe my daughter's life to meta-cosmic projection."

**The Secrets of Meta-Cosmic Projection  
and Inner Guidance Are Yours Now**

The same miraculous meta-cosmic projection technique that has enabled so many people to hear and follow their own inner guidance are yours today. You need only follow the easy step-by-step technique presented for you here in order to have the benefits of your own inner guidance in your life now.

**Your Meta-Cosmic Projection Technique That Can  
Provide You With Inner Guidance Today**

Use this technique once a day for a full week, then use the technique whenever inner guidance is needed in a situation. Do not use the technique more than four times in one day.

1. *Sit in a relaxed position. Close your eyes.*
2. *For approximately thirty seconds, focus all your attention on your breathing without attempting to control it.*
3. *In your mind and in your own words state the problem that faces you. (For example, "Two jobs have been offered to me. I want to choose the better of these two jobs. I want to choose the job that offers me the best future.")*
4. *In your own mind and in your own words state the alternatives open to you. (For example, "I can choose either job offer or I can look for another job offer, or I can stay on my present job.")*
5. *In your own mind and in your own words state the positive things which you see in each alternative. (For example, "If I stay where I am, I at least know what is expected of me and I also know my co-workers pretty well. If I choose job offer number one, I have a chance for rapid promotion and also receive excellent fringe benefits. If I choose job offer number two, I have a chance for promotion and relocation to the West Coast along with excellent fringe benefits. I would also be able to spend more time with my family and friends. If I seek an*

*entirely different job opportunity, I may find one even more to my liking.")*

6. *In your own mind and in your own words state the negative things which you see in each alternative. (For example, "If I stay where I am, my chances for promotion are very slim. Besides, I sometimes get very bored doing the same things at work every day. If I choose job offer number one, I'd have to take on some job duties I know I won't like. The company is fairly new also, and has not really proven its ability to last through an economic crisis if it should arise. If I choose job offer number two, I may have to move to the West Coast before next year and my children will have to change schools in mid-term. My wife isn't sure she wants to live on the West Coast anyway and no one in the family is looking forward to saying goodbye to friends they've known all their lives. If I seek an entirely new job offer, I may never find one as good as the two I have now. It could also take a long time to get another off. The market is very tight.")*

7. *For approximately twenty seconds, focus all your attention on your breathing without attempting to control it.*

8. *In your own mind repeat the following words or use your own words to express the same meaning. "I am now stilling my mind and will hear the voice of my own inner guidance. The wisdom of my inner guidance already knows what is best for me and will now make this information known to my conscious mind."*

9. *Take one deep breath and listen to your own thoughts which flow from the voice of your inner guidance.*

10. *Again for approximately thirty seconds, focus all your attention on your breathing without attempting to control your breath.*

11. *Open your eyes and go about your daily life.*

The miraculous secrets of meta-cosmic projection can put the voice of your inner guidance within your reach today. Don't

waste another hour suffering the pain of indecision. The miraculous meta-cosmic projection technique given to you in this chapter can make you your own best counselor.

**BRING  
THE  
JOYOUS  
RESULTS  
YOU DESIRE:**

**Through the magic of Meta-Cosmic Projection.**

If there is any one thing we have a great variety of in our country it is meetings. You can take your pick — social club meetings, civic organization meetings, meetings for neighborhood action, political meetings, professional group meetings, or business meetings. Whatever the occasion for the meeting you attend, chances are you find it necessary to attend one or more meetings a month. The secrets of meta-cosmic projection make it possible for you to be in complete control of each meeting you attend.

Most people have had the experience of attending a social or business meeting whose outcome was not what they wanted. Thanks to the secret meta-cosmic technique given to you in

this chapter, you can completely control the outcome of meetings you attend. In fact, this technique allows you to decide the outcome of a meeting before that meeting ever begins.

### **Man Uses His Psychic Organizer and Meta-Cosmic Projection to Sell a Sales Idea to His Company**

Greg M. had been a salesman for seven years when he visited me. Success was no stranger to Greg in his profession and his request was directly related to his work.

"I have an idea that will increase our sales tremendously," said Greg. "My only problem is the fact that our sales managers frown on just about every new idea. I learned that through bitter experience. The last idea I presented was all but laughed under the table. I'm not even sure I'd be willing to risk presenting my new idea without something extra going for me. I want that something extra to be one of those techniques you teach people."

Greg and I talked for a half hour concerning the way he wanted his idea to be accepted and acted upon. Then our conversation shifted to the use of the psychic organizer and meta-cosmic projection. When Greg left he was confident that he could completely control his upcoming business meeting and determine its outcome.

Ten days later Greg phoned.

"Everything went great," he said. "The meeting went exactly as I saw it with my psychic organizer. That meta-cosmic projection sure packs a wallop. When our district sales manager said he thought my idea was great, I almost cheered. It went so well, my idea is already being introduced in all our sales districts."

With the help of the meta-cosmic projection technique in

this chapter you can control your meetings just as effectively as Greg controlled the outcome of his sales meeting.

### **Man Uses Meta-Cosmic Projection to Close a Big Deal for His Company**

Chances are that most if not all commercial real estate salesmen would agree that closing a deal can often be the most delicate part of their responsibilities. Daren T. certainly felt that way.

"The closings are the only part of my job that really trip me up," said Daren. "Right now I'm at the point of closing a very large commercial real estate deal, and I need all the help I can get so I won't lose the deal at the last minute."

In less than an hour Daren was convinced he would have no problem with his deal thanks to the secrets of meta-cosmic projection.

Two weeks later Daren was back in my office and obviously elated.

"My deal was finalized yesterday," Daren said. "It's the largest commission I've ever earned. Would you believe that the guy had actually decided against buying the property and didn't change his mind until yesterday morning. He doesn't know why he changed his mind, but all of a sudden the deal really looked great to him. He kiddingly asked me if I had cast a spell on him. I told him no, that I had only used some powerful magic on the deal itself. That meta-cosmic projection is the most powerful technique I've ever seen. It will be part of all my real estate deals from now on."

Daren T. had found, just as thousands before him, that the secrets of meta-cosmic projection can bring the desired end in business deals. That same meta-cosmic projection technique

used by Daren T. is available to you this very minute. It can bring the ends you want in your business deals.

### **Woman Uses Her Psychic Organizer and Meta-Cosmic Projection to Become President of Her Woman's Club**

Cynthia B. was a member of a woman's club that sponsored many activities for disadvantaged young people. Her visit to me was prompted by her club's gradual drift away from such activities.

"It may not be a big thing," Cynthia said, "but it's important to me. I want the club to start sponsoring young people's groups again. The president we've had for the last year has turned our meetings into plain old social gatherings. That can be a lot of fun, but our club was founded to help people, not to throw parties.

"I figure the only way to get the club back on the right road is to get myself elected president. That would be quite a job, however, since I'm not known as Miss Friendliness to other club members. In fact, many of them think I'm too serious.

"Can you teach me any technique I can use to get elected president? I really feel I can do a lot of good if I'm elected."

After Cynthia told me more about her plans for the club, we settled down to the meta-cosmic projection technique she could use to be elected president. The new club elections were to be held in a week and Cynthia left with a surety that she would win the post she wanted.

The day the elections were held, Cynthia phoned. "It worked. I'm the new club president." Cynthia's voice bubbled through the receiver. "I won unanimously. Everyone was surprised, but they all congratulated me."

I added my congratulations and Cynthia continued.

"I already have my committees set up to start the work

with young people again. I plan to use the same technique to ensure the success of our programs with those kids. Meta-cosmic projection and my psychic organizer are going to play a big role in the work of our club from here on out. Thanks a lot for the technique."

Cynthia's club has since sponsored some wonderful programs for disadvantaged young people. Each one has been a huge success.

Like Cynthia, you can have any office you want in social and civic organizations. You need only follow the meta-cosmic projection technique in this chapter and you can have the office you want now.

### **Man Uses His Psychic Organizer and Meta-Cosmic Projection to Become Captain of His Bowling Team**

There are thousands of bowling teams in this country and chances are that you or someone you know is a member of one of those teams. Harry L. had been an avid bowler for fifteen years when he visited me concerning his bowling team.

"I'm a pretty good bowler, but lately my game has fallen off quite a bit," Harry said. "Just last week the guy who has been captain of our team for five years announced that he was moving out of state. This meant we'd have to choose a new captain."

Harry paused momentarily and a smile lit up his eyes.

"I'd like to be the new captain. If the team had decided to vote for one I'd probably have it in the bag. Instead, it was decided that the guy with the best combined score in three games next week will be the team captain."

Harry went on to explain that his score had gotten so bad he was afraid he couldn't win the contest to become captain of his team.

"I've heard that you can teach people how to get what they want. Would you teach me some kind of technique to improve my bowling and get me appointed captain?"

Harry learned to use his psychic organizer and meta-cosmic projection. He left with a promise to let me know how things turned out.

The day after the big game Harry phoned. "I made it!" he said. "I had the highest combined scores of the whole team. I am now the new team captain. Thanks an awful lot for teaching me how to use meta-cosmic projection and my psychic organizer. I intend to use that technique every time I bowl."

Harry had learned what thousands of others already know, that with the secrets of meta-cosmic projection and the psychic organizer, happy endings are never a problem. With the limitless power of the meta-cosmic projection technique, you can have the happy endings you want now.

### **Woman Uses the Secrets of Meta-Cosmic Projection to Win the Lead in a Play**

When Karen C. phoned me she had already attained her happy ending. Karen called to tell me how well the meta-cosmic projection technique she had learned months before had worked for her.

"You know, I always knew the technique worked, but sometimes I forgot to use it," Karen said. "When my woman's club announced trials for the annual play, I decided that I wanted the lead role. I told a couple of my girlfriends and they nearly fell out of their chairs laughing. They just couldn't see me in any role in the play.

"I used the meta-cosmic projection technique you taught me four months ago — the one for happy endings. Boy, did it work! I was the third person to try out for the role. After I did the scene at the audition, they cancelled all other tryouts for

the part. The eight others who had signed up for the part didn't even get mad. Instead, everyone congratulated me and said I had real acting talent. The whole thing is fantastic. That meta-cosmic projection really works great.

"If you get a chance you'll have to come see the play."

Unfortunately, I didn't get to see the play. I did hear a lot about it, however, and everyone agreed that Karen was terrific in her part.

You may never want the lead in a play, but the secrets of meta-cosmic projection stand ready to bring the result you want in any area.

### **Your Psychic Organizer Technique of Meta-Cosmic Projection That Allows You to Write Your Own Happy Endings**

When you use this technique to bring about the result you want in a situation, use the technique twice daily.

1. *Sit in a comfortable position. Close your eyes.*
2. *For approximately thirty seconds, focus all your attention on your breathing without attempting to control your breath.*
3. *In your mind's eye see or imagine yourself in the situation you desire. In your mind's eye see all the people who would be involved in this situation standing with you.*
4. *See or imagine these people going through the actions necessary to bring about the end you want. Hear everyone concerned saying the words you want to hear to bring about the result you want.*
5. *See and hear or imagine in your mind's eye saying and doing the things necessary to bring about the end result you want.*
6. *In your own mind repeat the following words or choose your own words as long as you retain the overall meaning. "My*

*psychic organizer, aspect of my higher mind, has separated and organized all circumstances necessary to bring the end result I want into reality. The happy ending I want in this situation exists now, and I am now ever more conscious of its existence."*

7. Again for approximately thirty seconds, focus all your attention on your breathing without any attempt to control your breath.

8. Open your eyes and go about your daily life.

With the secrets of meta-cosmic projection you can control the outcome of every situation that involves you. Begin to use the secrets of meta-cosmic projection and your psychic organizer and write your own happy ending today.

**THE  
KEY TO  
A  
CONSTANT  
MONEY SUPPLY:**

**A warm security blanket through  
Meta-Cosmic Projection.**

If you ever have trouble making ends meet financially, this chapter will be of particular interest to you. The secrets of meta-cosmic projection make it possible for you to have all the money you need when you need it.

The majority of people know what it's like to spend a sleepless night worrying about unpaid bills. If you have never had this experience, count yourself extremely lucky. The emotional pain of not knowing where the money will come from to pay bills when they fall due can often be more uncomfortable than a physical illness. You need never worry about unpaid bills again, thanks to the secrets of meta-cosmic projection given in this chapter. The secrets of meta-cosmic projection can

make it possible for you to pay your unpaid bills without a worry.

### Man Uses the Secrets of Meta-Cosmic Projection to Pay All His Unpaid Bills

Things looked pretty grim to Mike N. when he came to see me. Mike, a young family man, had been caught in a mass lay-off at a local plant. At first unemployment benefits and savings kept the family afloat. As time passed, however, it became obvious to Mike that his available funds could, in no way, cover his family's financial needs. He spent his days searching for a job and his nights figuring out ways to juggle payments in order to appease his creditors.

"I don't know how long I can keep this up," Mike said. "I've been robbing Peter to pay Paul for so long I think I'm getting an ulcer. I've tried every company that might need someone with my qualifications and in each case the answer was 'Sorry, we have no openings.'

"I don't even have a lead on a job. The only thing I have plenty of is unpaid bills and creditors screaming for their money."

Mike was silent for a moment, then he asked, "Will you teach me one of those special techniques so I can get the money to pay my bills? I don't know exactly what they're called, but one of my wife's friends told her something about them. Meta something or other — whatever it was, my wife's friend said it really works. Will you teach that technique to me?"

We talked for an hour or so, and before Mike left, he knew that the "meta something or other" he had asked about was meta-cosmic projection, and he also knew how to use it.

Two weeks later Mike paid another visit.

"If I'm dreaming, please don't wake me up," he said. "That meta-cosmic projection sure works fast. You're not going to

believe what happened. Last week a couple pulled into our driveway and asked if we would consider selling our house." A smile filled Mike's face.

"Imagine that!" he said. "We've tried to sell the house three times before and could never get a buyer. There hasn't been a 'for sale' sign up in over a year." Mike grinned again. "They offered us a fantastic price including all our equity in cash in one lump sum. The money they offered in cash was more than enough to pay us completely out of debt and leave enough for a down payment on a house in a subdivision that my wife has wanted to move into for almost two years."

I congratulated Mike on his success and was quickly interrupted by him.

"You haven't heard the half of it yet," Mike grinned. "The guy is with a company just getting a branch going here. When he heard what I had been doing for a living and that I had been laid off he offered me a job with his company. The salary he quoted me is three thousand a year more than I was making before I was laid off.

"The deal on the house is already closed and we move into our new home next month. Next Monday I start my new job. Things couldn't be better. I just wish I had learned about meta-cosmic projection sooner. I could have saved myself a lot of worry and sleepless nights. Anyway, now that I do know about it you can bet it's going to be an active force in my life from here on out."

The last time I heard from Mike he and his family were getting along fine. They loved their new home and Mike really liked his new job. He had made meta-cosmic projection an important part of his daily life and it had given him and his wife a new sense of security.

Mike's story is not exceptional. Meta-cosmic projection has a way of making that which might be considered *exceptional*, seem to be ordinary events of everyday life.

You can begin now to put this powerful technique to work in your life. The secrets of meta-cosmic projection can provide the money you need when you need it.

### **Man Uses Meta-Cosmic Projection to Get the Money Needed to Have His House Painted**

Some people would say that Walt O. didn't really have a serious financial problem. To Walt, however, his problem was a very serious one.

"We have the money we need for basic necessities," said Walt. "I'd like some of the luxuries too. My family deserves them. This might not seem important to you, but my wife wants to have the house painted and I can't afford it. I've looked at our finances from every angle, and the money just isn't there for the paint job she wants."

Walt took a deep breath and continued. "I've heard that you've taught quite a few people some kind of meta-cosmic projection technique to get money when they need it. You might say that I don't really need the money, but I want to get my wife what she wants. She wants the house painted and I *need* money to get it done for her."

No matter what the reason, the secrets of meta-cosmic projection can provide money whenever it is needed. Walt learned the appropriate meta-cosmic projection technique and put it to work immediately.

Three weeks later Walt telephoned. "You ought to bottle that meta-cosmic projection. It works like a charm," he said. "The new paint job looks great. My wife is really happy with it too. You'd think I'd given her a yacht!"

Walt chuckled with pride. "The whole paint job was paid for with cash — in full. Out of the blue I got a chance to do a masonry job that paid me triple-time. The people were really in a hurry. They even paid a bonus for finishing ahead of the

time schedule. I even had a few dollars left over after I paid the painters.

"I sure am glad I learned how to use that meta-cosmic projection technique. Believe me, I intend to use it quite a bit in my life."

The meta-cosmic projection technique presented to you in this chapter makes it possible for you to get the money you want when you want it. Don't go another day without the benefits of this powerful technique in your life.

### Couple Uses Meta-Cosmic Projection to Pay for Wedding Gifts

Tony and Joyce D. had been married less than a year when they sought my help with a financial problem.

"Please don't tell us that no one expects us to give them a wedding gift," Tony said. "Both my sister and Joyce's brother are getting married next month, and we want to give a wedding gift to each couple. We need a hundred dollars to get the gifts we want to give both of them."

Tony looked at Joyce and smiled. He continued in a low tone.

"Since we're both in school and work only part-time, a hundred dollars sounds like a fortune. We've both heard about a technique you teach people to use to get money when they need it. We'd like you to teach us that technique. We *need* to give those wedding gifts. Call it pride if you want, but it means a lot to both of us."

Joyce and Tony learned quickly. In less than forty-five minutes they knew how to use the secret meta-cosmic projection technique that could get them the money they needed.

"We just had to stop by and thank you," Tony said. "We just bought the wedding gifts we wanted and paid cash for them."

"It's just terrific," said Joyce. "I got a completely unexpected tax refund three days ago. I had added wrong and someone caught it. They corrected my error and sent me a check for one hundred and twenty-one dollars. We treated ourselves to dinner at a nice restaurant, paid for the wedding gifts, and still have two dollars left.

"Thanks again for showing us how to use that meta-cosmic projection technique."

I've received several phone calls from the D's since that day, and each time the purpose of the call was to tell me how meta-cosmic projection had brought them the money they needed when they needed it.

Put that same secret technique to work for you now. You can have the money you need when you need it. The secrets of meta-cosmic projection can work as well for you as they have for countless others. Start today to use the secrets of meta-cosmic projection to fill the financial needs in your own life.

### **Start Your Own Tuition Fund with the Secrets of Meta-Cosmic Projection**

If you have children or grandchildren in college, you already know the cost of higher education. Each day seems to bring new increases in the cost of a college education throughout our nation. It's unfortunate but true that many bright young people, perhaps your own children, grandchildren, nieces or nephews, have been denied a college education due, not to inadequate intelligence, but because of a lack of the large sums of money needed to pay for such an education. Why should a college education be the privilege only of the children of families financially well off? Why shouldn't you and your family have all the money you need when you need it? I can think of no reason to suffer any financial lack in your life. The secrets

of meta-cosmic projection are at your fingertips this very moment. Put those secrets to work on your own tuition fund today.

### Couple Uses the Secrets of Meta-Cosmic Projection to Send Their Two Children Through College

Before Calvin and Doris G. decided to learn how to use the secrets of meta-cosmic projection they could see no possible way to finance a college education for their two children.

"Our twins will graduate from high school in four months and they both want to go to college," Calvin said. "We encouraged them to apply for admission to a university and they were both accepted. Now it looks as if we'll have to tell them that they just can't go because we can't afford to send them."

The sadness on the faces of both parents was evident.

"Maybe we shouldn't have encouraged them at all," said Doris. "It's hard though, not to want your children to have the good things they want. It may even be impossible. Anyway, Calvin and I want the boys to go to college if there's any way at all we can send them."

Calvin broke into the conversation. "We saw you on TV a couple of weeks ago, and you were talking about some kind of technique that allows a person to get whatever money they need when they need it." Calvin drew in a quick breath and continued. "Believe me, we need money now. Lots of money. About ten thousand dollars.

"I know the boys could have picked a less expensive school, but the way our finances are right now we couldn't afford that either. So if that technique you were talking about works, we might as well go for the school they want. Right?"

"Right!" I agreed.

We settled down to the secrets of meta-cosmic projection.

Calvin and Doris were avid students and learned quickly. In less than an hour they had a clear idea of the meta-cosmic projection technique they were to use to get the money they needed. They left with a promise to keep me posted.

Three full months went by before I heard from the G's. They phoned for a convenient time for another visit. They didn't mention a word about the tuition money over the telephone.

As they walked into my office, their smiles spoke good news. I was taken aback by Calvin's first words.

"Something went wrong. We never got the ten thousand dollars we needed."

My disbelief must have shown on my face, because Doris spoke up quickly.

"Stop teasing, Cal. Tell her the truth."

"Okay. Okay!" Calvin answered. "The truth is, we got more money than we ever dreamed of having. You said the circumstances would present themselves so that we could get the money we needed. Well, did they ever!"

"We owned eight acres of land that were considered just about worthless for years. About a month after we started using the meta-cosmic projection technique we were contacted by a real estate developer. He told us that he wanted to buy the land for an apartment complex. When I told him that the land wasn't zoned for apartment buildings, he told me it had been rezoned only one week earlier. Sure enough, we checked and he was right. The land had been rezoned commercial."

"We got a lawyer and he worked the deal out with the land developer. Believe me, we won't have to worry about the twins' tuition money anymore. The deal was closed two days ago."

"The twins can go to medical school, or law school if they want. They have a gigantic tuition fund. Money is no problem now — thanks to that meta-cosmic projection technique."

"He's forgetting to tell you," said Doris, "that we're going to Europe for a whole month. We leave as soon as the boys graduate from high school."

"If anyone had told us four months ago that we'd be giving the twins a vacation in Europe as a graduation present, I'd have thought they were crazy."

Doris smiled at her husband and faced me again.

"We'd like to give you a vacation in Europe as a thank you present. Just let us know when you want to go and we'll take care of everything and bring you your tickets."

Although I appreciated the thought, I assured the G's that no thank you gift was needed. In fact, my policy had always been, and is to this day, to accept only prayers as a token of appreciation. I made it clear that I'd be happy to have all the prayers they were willing to say for me, but trips and other material gifts were out.

"You see," I said, "I practice what I preach. Thanks to meta-cosmic projection, my needs and wants are well taken care of. I have everything I need or want, including all the traveling in this country, Europe, the Middle and Far East, or anywhere else that I can possibly want."

The G's thanked me again and left promising to include me in their prayers.

The secrets of meta-cosmic projection can work just as well for you as they worked for the G's and countless others. You need only follow the flawless meta-cosmic projection techniques given to you in this chapter. Don't waste another minute! Put the secrets of meta-cosmic projection into your life now!

### **Your Miraculous Meta-Cosmic Projection Technique for Tapping Your Unlimited Money Supply**

1. Sit in a relaxed cone, from
2. For 30 seconds, focus all your attention

tention on the intake and outflow of your breath without trying to control it.

3. In your own mind and in your own words present your financial needs and wants to your higher self. (For example — "I am in need of money to pay back bills. I need two thousand dollars to bring my bills up to date. In addition I want another five thousand dollars to act as a financial cushion and to give me the money for any extras I might want.")

4. In your own mind see yourself counting the money you need or want. See yourself using the money to fulfill your wants or needs. (For example — See yourself counting out two thousand dollars in one hundred dollar bills. Now see yourself sorting the receipts for your bills marked 'paid in full.' Once you have seen your needs cared for, see yourself counting the money you want for a financial cushion or extras in your life. See yourself buying the things you want. See yourself sitting comfortably, feeling good because you need no longer worry about money.)

5. Now in your mind's eye, see the dollar amount of the total sum you need and/or want. (For example, as in step '3,' see the figure \$7,000 clearly in your mind and hold that image for approximately fifteen seconds.)

6. Again, for approximately thirty seconds, focus all your attention on your breathing without attempting to control it.

7. Open your eyes and go about your daily life.

This miraculous secret can change your whole life by making it possible for you to have all the money you need or want. You need never worry about money again. You now have the miraculous meta-cosmic projection technique that allows you to tap your unlimited money supply.

**YOUR  
UNLIMITED SUPPLY  
OF LIFETIME  
META-COSMIC  
POWER**

You will never experience an energy crisis in the area of meta-cosmic projection. In fact, the more you use these miraculous techniques, the better they work for you. Thousands of people are living proof of this. For a few moments, I want to share a very personal experience with you.

Before I was cured by metaphysical healing of blindness, epilepsy and paralysis, things looked pretty bleak for me. It seemed no one would even consider hiring me for volunteer work, let alone gainful employment. I had less than a snowball's chance in a furnace of ever being financially self-supporting, let alone financially secure. I was dependent on others for money, for transportation, for reading, for shopping, and for

the everyday things in life which most people take for granted. In many ways I found that dependency almost as painful as my physical handicaps. It seemed I would never have a chance to "make my mark" on the world, to leave it a little better for my having lived. Then I discovered the secrets of Meta-Cosmic Projection.

My book, *The Miracle of Metaphysical Healing*, tells how I healed my physical handicaps and my limited thinking. I then began to search for the techniques that would allow me to accomplish my goals. I needed techniques that wouldn't take forever to work. After all, I had already wasted nine years of life in the torment of blindness, epilepsy and paralysis. I didn't want to lose even one additional minute. I had vowed to share the miracle of metaphysical healing with the world, but the world wasn't knocking at my door to ask for that miracle. As much as any general facing a battle, I needed a plan of action. After much soul searching, meditation and prayer, I found that plan — The Secrets of Meta-Cosmic Projection! There was never a doubt in my mind that meta-cosmic projection would work. How could it fail? The secrets of meta-cosmic projection underlie all reality.

With the very same miraculous techniques that are now yours, I set out to gain whatever I would need to share the miracle of meta-physical healing with all of mankind. I used the secrets of meta-cosmic projection to gain the contacts I would need to keep the vow I had made.

In just a short time I was contacted by Georgia State University and asked to teach a course in parapsychology and the power of the mind. Only a few short weeks later, *The Atlanta Constitution* newspaper asked to do an article on me and my work. Meta-cosmic projection was working its miracles and it worked them quickly. Local TV and radio stations asked me to appear on their various shows. Not long after that, *Newsweek*

magazine featured a story on me in its educational section. This was followed by mention of my work in *Time* magazine. There was just no stopping the limitless power of meta-cosmic projection. Soon I was receiving requests to appear on national TV, also TV and radio shows throughout the United States and Canada. Perhaps you saw my appearance on the David Suskind Show, Tom Snyder's Tomorrow Show, or the Mike Douglas Show. Maybe you read about my work in the *National Inquirer*, *Midnight*, *New Dimension Magazine*, *Science of Mind* magazine, *Cosmopolitan* magazine, or *New Woman* magazine. Brad Steiger has mentioned me and my work in his writings, and *The Journal of Osteopathic Medicine* has also devoted an article to my work in healing, as has the *Journal of Rehabilitation*.

Through the miracle of meta-cosmic projection I have spoken by invitation at numerous seminars dealing with non-traditional healing, including a New Dimensions in Healing workshop conducted by a medical school in Florida, an all-day seminar at the School of Osteopathic Medicine, and a five-day workshop at the Blic Clinic in Ohio.

The identical miraculous techniques of meta-cosmic projection that I used to reach my goals are at your fingertips now. They enabled me to have my articles published in Canadian and U.S. magazines and to receive a teaching appointment at the Emory University School of Nursing where I instructed senior nursing students in the power and use of the mind.

Thanks to the secrets of meta-cosmic projection, my first book, *Put Your Psychic Powers to Work*, and my second book, *The Miracle of Metaphysical Healing*, were published. *The Miracle of Metaphysical Healing* is now published in translation in Germany.

The secrets of meta-cosmic projection have enabled me to attain and obtain everything I want or need and they can do the same for you. There is no stopping the limitless power they

place within your reach. They reach into the past, the present and create the future you want. Soon the *New Guide to Metaphysical Healing* will be published and will be available to you. No one should be without the miraculous secrets of meta-cosmic projection that put all things within the reach of each person. It was for this reason that I wrote this book. You deserve to have these miraculous secrets at work in your life this very day.

### Man Teaches His Friends the Secrets of Meta-Cosmic Projection

Robert Z. was determined to share the secrets of meta-cosmic projection with his friends and loved ones. Robert had used the fabulous secrets only two weeks when he decided to teach his loved ones to put them to work in their lives.

"I knew that meta-cosmic projection worked," said Robert. "I decided it was too good to keep to myself so I began to talk about the secrets to my family and friends. In just a matter of weeks I was getting reports from friends and relatives on how meta-cosmic projection had worked for them.

"One of my friends, who had been out of work for months, used it to get a job. He got exactly the job he wanted and it only took him twelve days with meta-cosmic projection." Robert smiled and continued. "My niece used it to get accepted in college and my nephew used meta-cosmic projection to get the car he had wanted for six months."

To say that Robert is sold on meta-cosmic projection is to put it mildly.

"Everyone should know the secrets of meta-cosmic projection. Why don't you write a book explaining how people can use them in every area of their life?"

### Meta-Cosmic Projection Works for the Material and the Intangible

No matter what your goals, the secrets of meta-cosmic projection can put them within your reach now. The more you use those miraculous secrets the better they work for you.

Katherine B. learned this fact very quickly. She had tried everything to get her family back together and everything had failed. Her two sons and her husband didn't speak and the boys had left home, for Katherine knew not where.

"It's just awful," said Katherine. "My sons and their father love each other but a stupid argument has been blown all out of proportion and each is unwilling to say he's sorry."

"In addition to my family being broken up, our house is in sad shape. There was a fire two weeks ago and the furniture was ruined by smoke and water damage. The house is fine but it's just about without furniture. I can't even hope my husband will consider making up with the boys while he's so worried about refurnishing the house. Unfortunately we had no insurance and we just can't afford new furniture. Ken is really worried sick."

Katherine looked me directly in the eyes.

"Will you teach me those meta-cosmic projection techniques I've heard you mention? I can't really see any way out of this mess, but if those secrets work as well as you say they do, I'd sure like to give them a try. I have nothing to lose and an awful lot to gain."

Katherine learned quickly and left vowing to refurnish her home and reunite her family with the secrets of meta-cosmic projection.

In just four weeks Katherine was back for another visit.

"I can't thank you enough for teaching me how to use meta-cosmic projection," Katherine bubbled. "Believe it or

not our whole house is completely refurnished. Ken got an unexpected bonus, and we found a terrific sale on exactly the new furniture we needed.

"Even more important, though," Katherine went on, "our sons are back home. The entire disagreement between Ken and the boys has been cleared up and I have my family back together again — all thanks to the secrets of meta-cosmic projection. Believe me, meta-cosmic projection will be part of our life from now on."

### Meta-Cosmic Projection Can Only Be Used for Good

Despite the fact that I always tell people that the secrets of meta-cosmic projection can only be used for good, there are a few people who seem determined to learn this the hard way. Jeff L. was one such person.

Jeff had one predominant problem in the front of his mind when he sought my help. For one year Jeff had looked forward to a managerial promotion with his company.

"The thing just hasn't come through," said Jeff. "I know exactly what's blocking it, but I don't know how to get around it. I figured maybe the meta-cosmic projection thing you teach could help me get rid of the guy who has the job I want."

That was all I needed to launch into all the reasons why meta-cosmic projection could not be used to "get rid" of anybody.

"I can teach you to use meta-cosmic projection to help your self, but believe me it can't be used against anyone without falling on your own head," I said. "Do you want to learn to use it for your good?"

Jeff thought for a moment.

"Yeah, I guess so," he said. "It just seems more logical to get rid of this guy. He's all that's in my way."

"Jeff, there's no way I'm going to teach you meta-cosmic projection to do harm to anyone. If you want to use it for yourself fine, but I would want your word not to try to use meta-cosmic projection to do anyone harm."

"Okay, you have my word," said Jeff. "All I want is that job. I won't use what you teach me to try to hurt anyone."

Jeff learned the secrets of meta-cosmic projection and left to go after his promotion. One month later he was back in my office.

"I know I should have listened to you, but I thought I could speed things up. I used the technique you taught me to try to get the guy fired. The way I figured it, I was a cinch to get the job once it was open."

Jeff paused briefly and his face clouded over. "The guy didn't get fired — I did," said Jeff. "They just told me I wasn't needed any more. No explanation, no nothing."

"I've been looking for a job for a week but I haven't been able to find one. Can you help me? Will you teach me how to use meta-cosmic projection to find a new job? Honest, I've learned my lesson."

It took Jeff another hour to convince me that he had learned through his experience. After an additional forty minutes, Jeff left with another meta-cosmic projection technique.

Two weeks passed before I received a call from Jeff.

"I started my new job last week," he said. "That technique sure does work fast, and it really works great too. This job is exactly what I've always wanted. I'm sorry I had to learn the hard way, but believe me I have learned my lesson. Meta-cosmic projection is going to have a regular place in my life, but I'll use it only for good."

I'm happy to report that the people who learn the hard way are few and far between. The secrets of meta-cosmic projection are yours to use today, but remember, they can be used only for good! Any attempt to use meta-cosmic projection to

harm anyone will only result in tragedy for the person using the techniques wrongfully.
